The Fort Monroe Auto Craft Shop provides you with equipment, oil, oil filters, and tools, as well as a well-trained professional staff. This staff can provide personalized instruction and maintenance/repair advice while you work on your vehicle.

The Facility has a total of 5 stalls, 3 with lifts. Floor jacks and jack stands are available for use.

Tool Distribution Center. The Facility is well stocked with standard and metric tools. Many specialty items are also available including air wrenches, air chisels, spring and strut compressors, tach and dwell meters, and timing lights.

Outside Parking Area. To accommodate major overhauls, the outside enclosed parking area can store vehicles awaiting repairs and or repair parts.

Engine Diagnosis. Are you having engine problems? Have an “Engine Computer Diagnosis”.
